

Technical drawing of a vertical steam boiler. The drawing shows a cross-section of the boiler with various components labeled. Key dimensions include: 160 and 200 for the top width; 100 for the height of the upper section; 1824 for the total height; 571 for the base width; and 10 for the thickness of the boiler shell. The drawing also shows a water level gauge on the left side and a safety valve on the right side. The boiler is labeled with 'Rc1/2' and 'Rc3' at the top, and '10' and '100' for the shell thickness. The drawing is a detailed technical illustration of a vertical steam boiler.
