

Technical drawing of the front view of the main body of a 1000W 12V DC motor. The drawing shows a complex mechanical assembly with various dimensions and part numbers. Key dimensions include a total height of 155mm, a mounting flange diameter of 138mm, a central shaft diameter of 13mm, and a base diameter of 133mm. Part numbers include 4-819(M16) for the mounting flange, RC2 for the central shaft, and #120 for the base. A note indicates a 40mm diameter hole for the mounting flange.
