

Technical drawing showing the front view of the 1000 Series 1/2. The drawing includes dimensions and labels for various components:

- Top left: $\varnothing 78(M16)$ (pointing to a hole in the top flange)
- Top center: 109 (dimension for the top flange thickness)
- Top right: 130 (dimension for the top flange width)
- Left side: 285 (dimension for the main body height)
- Left side: 205 (dimension for the main body height, excluding the top flange)
- Right side: 4-618(M16) (label for the main body)
- Right side: RG2 1/2 (label for the main body)
- Right side: $\varnothing 140$ (dimension for the main body diameter)
