

Technical drawing of a mechanical assembly, likely a pump or valve, showing a front view with dimensions and callouts:

- Dimension 1: Indicated at the top of the assembly.
- Dimension 160: Indicated on the left side, representing a vertical distance.
- Dimension $\phi 36$: Indicated on the left side, representing a diameter.
- Dimension $4 - \phi 20$: Indicated on the right side, representing four holes with a diameter of 20.
- Dimension $4 - \phi 19$: Indicated on the left side, representing four holes with a diameter of 19.
- Dimension $\phi 140$: Indicated on the right side, representing a large diameter.
- Dimension $\phi 65$: Indicated on the right side, representing a medium diameter.
