

Technical drawing of a vertical pump assembly. The drawing shows a central vertical shaft with a pump head at the top and a pump body below. The pump head has a diameter of $\phi 36$ and a height of 151. The pump body has a diameter of $\phi 150$ and a height of 80. The pump body is connected to a vertical pipe with a diameter of $\phi 80$. The pump body has 8 mounting holes with a diameter of $\phi 19$. The pump body is connected to a horizontal pipe with a diameter of $\phi 20$. The pump body has a flange with a diameter of $\phi 150$. The pump body has a flange with a diameter of $\phi 80$. The pump body has a flange with a diameter of $\phi 20$. The pump body has a flange with a diameter of $\phi 19$.
