

TVS655X2ME3.7
(VC30)

The technical drawing illustrates the TVS655X2ME3.7 (VC30) pump assembly from three perspectives: front, side, and top. The front view shows the pump's profile with a total width of 411 and a height of 542. The side view provides a side profile with a total width of 923 and a height of 496. The top view shows the pump's footprint with a total width of 385 and a total depth of 751. Key dimensions and specifications include: inlet port G3/4, outlet port Rc2 1/2, four mounting holes (4-Ø16), four M12 mounting holes (4-Ø15 (M12)), a central shaft diameter of Ø14, and a base flange diameter of Ø130. The drawing also indicates a base flange with Rc3/8 Flange and a base flange diameter of Ø130.
