

TVS656X3ME7.5
(VC30)

The technical drawing illustrates the TVS656X3ME7.5 (VC30) pump assembly from three perspectives: front, side, and top. The front view shows the pump's profile with a vertical discharge pipe and a horizontal suction pipe. The side view provides a cross-sectional look at the pump's internal components and its mounting base. The top view shows the pump's footprint and the dimensions of its mounting base.

Key dimensions and specifications include:

- Front View:**
 - Discharge pipe diameter: $\phi 140$
 - Discharge pipe connection: $G1 \frac{1}{2}$
 - Discharge pipe length: 70
 - Discharge pipe offset: 17
 - Discharge pipe connection: $RC2 \frac{1}{2}$
 - Mounting base diameter: $4 - \phi 20$
 - Mounting base diameter: $4 - \phi 15 (M12)$
- Side View:**
 - Overall width: 449
 - Overall height: 555
 - Mounting base width: 340
 - Mounting base depth: 388
 - Mounting base offset: 25
 - Mounting base offset: 174
 - Mounting base offset: 313
 - Mounting base offset: 43
 - Mounting base offset: 50
 - Mounting base offset: 200
- Top View:**
 - Overall width: 1089
 - Overall depth: 896
 - Mounting base width: 594
 - Mounting base depth: 492
 - Mounting base offset: 3
 - Mounting base offset: 224
 - Mounting base offset: 130
 - Mounting base offset: 198
 - Mounting base offset: 500
 - Mounting base offset: 285
 - Mounting base offset: 478
 - Mounting base offset: 509
 - Mounting base offset: 248
 - Mounting base offset: 31
 - Mounting base offset: $RC2 \frac{1}{2}$
 - Mounting base offset: $4 - \phi 15 (M12)$
 - Mounting base offset: $\phi 130$
 - Mounting base offset: $RC3/8$
 - Mounting base offset: ドレツ
